Aloe, the key ingredient in Re:Cleanse, has been used for centuries in traditional herbal medicine for a variety of conditions. The aloe in Re:Cleanse is cold-processed, and whole leaf, to ensure all of the antioxidants, nutrients, and other components remain active for maximum benefits.

Re:Cleanse combines the resin (juice) from Aloe Ferox (or bitter Aloe, native to South Africa), the leaf of Aloe Barbadensis (or common Aloe), and inulin (a powerful prebiotic fiber) for a gentle cleansing process of the colon and to support a healthy digestive tract.

INGREDIENT INFORMATION:

Gentle Ingredients From Aloe Plants and Natural Food Sources

- Yellow bitter sap from the Aloe Ferox plant contains anthraquinones that act as a natural, gentle laxative, supporting healthy elimination.
- Prebiotic nutrients from natural food sources such as wheat, onions, bananas, leeks, artichokes, and asparagus.
- Inulin supports the growth of healthy bacteria that support bowel function and general health.
